

Opal-MD PACS + CR

Your Practice. Your Preference.
Your Productivity Solution.

RETIRE YOUR FILM PROCESSOR. GO DIGITAL...

PACS + CR for Any Practice

Couple the Kodak Point-of-Care CR with Viztek's premiere clinical software solution. The Opal-MD package provides your practice with the latest technology to optimize workflow at an affordable price. Avoid the ongoing costs of developing film and enjoy access to images throughout your facility. Opal-MD allows users to enjoy the sophisticated tool-sets of our Enterprise-Level Opal-RAD PACS at an appropriate size and cost for smaller practices.

Workflow Your Way

Opal-MD's PACS + CR bundle cater to the smaller practices. Avoid over-spending by using technology specifically made for your facility.

Single Source Solution

Satisfy the needs of your practice and get both hardware and software solutions from a single reliable source that offers training and 24x7 support. Viztek is the provider for integrated digital image management.

Seamless Integration

Viztek software solutions follow medical standards for DICOM, IHE, and HL7. Worry-free integration and rich feature-functions are required in today's busy market.

OPAL-MD PACS+CR

Go Digital with Opal-MD

Your facility can now enjoy the countless benefits of digital radiography without experiencing a financial burden. The cost of processing just 8 studies a day, can amount to the cost of taking your practice into the digital world. Retire your chemical processor and provide your facility with Kodak's premiere CR coupled with Viztek's Opal WS PACS software for superior image management.
