

Have Confidence That You're Prepared with ZOLL Powerheart G5

Whether you're an experienced rescuer or a first-time responder, you'll appreciate how the Powerheart G5® AED combines ease of use, reliability, and advanced technology when assisting victims of sudden cardiac arrest.

Designed for Unexpected Heroes™

The Powerheart G5 AED with Intellisense™ CPR (ICPR) provides corrective feedback to ensure delivery of high-quality compressions. One button dual-language functionality and daily self-tests give rescuers the confidence to act.

- **Intellisense CPR Feedback** — Four distinct texts/voices offer corrective CPR prompts for rate, depth, and recoil.
- **Rescue Ready®** — Conducts self-tests on pads, battery, and internal circuitry.
- **RescueCoach®** — Guides users through each critical step of the rescue with user paced voice/text prompt.
- **Dual Language** — Change from primary to secondary language with the push of a button.

ZOLL's Powerheart G5 package:

Package includes ICPR adult electrodes, Intellisense® lithium battery, soft carry case, rescue kit and dual-language option.
